STAT

1. [] James R. Naughton, counsel for the Subcommittee on Intergovernmental Relations of House Government Operations, telephoned having been furnished my name by Kenneth Burkhead of the Department of Agriculture. Naughton's problem was that he was looking into the sale of non-fat dry milk by Agriculture to the W. Alton Jones Foundation at concessional prices without any assurance that the products were exported. He has been looking into the matter. Agriculture had advised him that CIA was interested in this matter. We are working with NEA to see what the story is and how this will be handled.

STAT

2. [] Received a call from Mrs. Stalcup, in the office of Senator Benjamin A. Smith (D., Mass.), requesting advice as to the best method of contacting Albert R. Mackinnon, who is located in Japan, mailing address U.S.A. RJ-G4, APO 343. It is believed he works for this Agency. After checking, advised Mrs. Stalcup that Mr. Mackinnon is not employed by this Agency but that the APO is that for Camp Zoma, Main Army Post in Japan and that my information would indicate the family could call directly by telephone.
